- 02.** Spec Sheets
- 03.** Sustainable Returns

01. QR Codes

A simple and effective tool to provide designers easy access to your samples! Use the **QR code icon** on your product page to print out the label and affix to your product wherever it is on display.

02. Spec Sheets

Desk instantly generates spec sheets for leave behinds or digital follow ups! Simply add materials to your palette and click **Share/Download** then Download Palette.
